I have questions about the Executive Order changes that went into effect on July 10th, 2020. Where can I find the latest information?

As of Friday, July 10th, Governor Whitmer signed Executive Order No. 2020-147 that requires individuals to wear a face covering over their nose and mouth when in an indoor public space, outdoors when 6-ft distance can not be kept, and when waiting for or riding public transportation. Exceptions to the order, such as medical intolerances, are outlined in the executive order. As of July 13, Michigan businesses are required to deny service to

customers not wearing a face covering. A violation of the order is a misdemeanor subject to a \$500 criminal penalty. For those who have questions about the state's actions to mitigate the spread of coronavirus, please call the COVID-19 Hotline at 888-535-6136 between 8am-5pm daily or visit https://www.michigan.gov/whitmer/0,9309,7-387-90499_90705-534169--,00.html for a summary of the executive order.

I have questions about the recommendation to wear a cloth face covering in public. Where can I find accurate information?

The Center for Disease Control (CDC) recommends wearing cloth face coverings over your nose and mouth in public settings where other social distancing measures are difficult to maintain (e.g., grocery stores and pharmacies), **especially** in areas of significant community-based transmission. Read below for details to consider when wearing a mask to protect yourself and others. For a full summary of CDC recommendations, call 800-232-4636 or visit the CDC website:

<https://www.cdc.gov/coronavirus/2019-ncov/prevent-getting-sick/diy-cloth-face-coverings.html>.

- The cloth face cover is meant to protect other people in case you are infected. You can spread COVID-19 even if you don't feel sick.
- Continue to keep about 6 feet between yourself and others. The cloth face cover is not a substitute for social distancing.
- Cloth face coverings should **NOT** be placed on young children under age 2, anyone who has trouble breathing, or is unconscious, incapacitated or otherwise unable to remove the mask without assistance.
- The cloth face coverings recommended are not surgical masks or N-95 respirators. Those are critical supplies that must continue to be reserved for healthcare workers and other medical first responders, as recommended by current CDC guidance.

UPDATE: Per Governor Whitmer's Executive Order, effective July 9th, all medically-able individuals must wear a non-medical grade face covering when in enclosed public spaces, unable to abide by social distancing requirements in outdoor public spaces, and when waiting for or riding public transportation.
