Welcome Home Baskets

As part of our mission to improve the lives of people, Dwelling Place provides residents with Welcome Home Baskets. These move-in gifts are a gesture of neighborliness to the people that call our communities home, and help get new residents settled in.

We provide housing to people formerly experiencing homelessness, people with disabilities, families, artists, community leaders, and anyone seeking an affordable place to live. Join us in saying Welcome Home!

How to host a collection:

1. Email the Volunteer Coordinator with:
   - Primary Contact name with phone and email
   - What organization/group you represent
   - How long you’re hoping to collect for

2. Start collecting! Use the shopping list attached to this document to ensure that you’re collecting the items in our areas of need. We recommend you print them out so people can take them home.

3. Drop-off the welcome basket items at 106 Division S. You can arrange a drop-off time with the Volunteer Coordinator.
