I have questions about the Emergency Order that went into effect on November 18th, 2020. Where can I find the latest information?

On Wednesday November 18, the Michigan Department of Health and Human Services (MDHHS) enacted a three-week pause targeting indoor social gatherings and other group activities in an effort to curb rapidly rising COVID19 infection rates.

Under the MDHHS epidemic order:

- Indoor residential gatherings are limited to two households at any one time. Gatherings involving more than one household are capped at ten. MDHHS has issued social gathering guidance, designed to help minimize the risk of gatherings.
- Bars and restaurants will be open only for outdoor dining, carry-out, and delivery.
- Gyms will remain open for individual exercise with strict safety measures in place.
- Casinos, movie theaters, and other recreational facilities will be closed.
- Professional and college sports meeting extraordinary standards for risk mitigation may continue without spectators, however all other organized sports must stop.
- Colleges and high schools may proceed with remote learning, but must end in-person classes.

For more information about the order, visit bit.ly/2ICBRji or refer to the MDHHS infographics. Information around this outbreak is changing rapidly. The latest information is available at <https://www.michigan.gov/Coronavirus> and <https://www.cdc.gov/Coronavirus/>.

I have questions about the recommendation to wear a cloth face covering in public. Where can I find accurate information?

The Center for Disease Control (CDC) recommends wearing cloth face coverings over your nose and mouth in public settings where other social distancing measures are difficult to maintain (e.g., grocery stores and pharmacies), **especially** in areas of significant community-based transmission. Read below for details to consider when wearing a mask to protect yourself and others. For a full summary of CDC recommendations, call 800-232-4636 or visit the CDC website:

www.cdc.gov/coronavirus/2019-ncov/prevent-getting-sick/diy-cloth-face-coverings.html.

- The cloth face cover is meant to protect other people in case you are infected. You can spread COVID-19 even if you don't feel sick.
- Continue to keep about 6 feet between yourself and others. The cloth face cover is not a substitute for social distancing.
- Cloth face coverings should **NOT** be placed on young children under age 2, anyone who has trouble breathing, or is unconscious, incapacitated or otherwise unable to remove the mask without assistance.
- The cloth face coverings recommended are not surgical masks or N-95 respirators. Those are critical supplies that must continue to be reserved for healthcare workers and other medical first responders, as recommended by current CDC guidance.

UPDATE: Per the MDHHS Emergency Order, masks must be worn over the nose and mouth in gatherings of two or more people, including stores, offices, schools and events. Businesses cannot admit people without masks, with few exceptions.

I need to go to the grocery store, but I'm worried about exposure due to being high risk. What should I do?

SpartanNash stores (D&W Fresh Market, Family Fare) are setting aside time for store guests most at risk of contracting the virus, including older adults, pregnant women & immunocompromised individuals every Tuesday/Thursday from 7-9am. Store hours vary by location.

Walmart stores have implemented new open hours from 7-8:30pm unless the store normally opens later. There is an hour-long senior shopping event every Tuesday for customers aged 60 and older that will start one hour before the store opens. Store hours vary by location.

Meijer stores have implemented new open hours from 8am-Midnight (but select stores close at 11pm). Check online to find your store: <https://www.meijer.com/shop/en/store-finder> Stores and pharmacies will provide dedicated shopping times for senior citizens and customers with chronic health conditions on Tues/Thurs from 6-8am. Essential service workers and Meijer Team Members can shop on Mons/Weds from 6-8am.

Target stores have expanded dedicated shopping time for its most vulnerable guests, making the first store hours open on Tuesdays and Wednesdays available for those over 65 years old, pregnant women and those defined by the CDC as vulnerable or at-risk. To confirm local store opening times, visit Target.com/store-locator.

I have concerns about fake/scamming emails, phone calls and text messages with topics related to the COVID-19 crisis. Where can I get accurate information?

The **Federal Communications Commission (FCC)** has received reports of scam and hoax text message campaigns and scam robocalls offering free home testing kits, promoting bogus cures, selling health insurance, and preying on virus-related fears. Read below for a few tips to help you protect yourself from scams:

- **Do not** click on links in texts related to the virus, and check [cdc.gov/coronavirus](https://www.cdc.gov/coronavirus) for the most current information.
- **Be wary** of phone calls and text messages that claim to be from the World Health Organization (WHO), or charity organizations, asking for account information or money.
- Many consumers will receive checks as part of the federal government response to the coronavirus. **No one** will call or text you to verify your personal information or bank account details in order to "release" the funds.

For more information about scam calls and texts, visit the <https://www.fcc.gov/consumers> and the <https://www.fcc.gov/covid-scams>. You can also file a complaint about such scams at <https://www.fcc.gov/complaints>.
